THE GALLERY

Following last year's successful initiative where we moved away from the single-entry competition format to launch a collaborative, industry-wide creative, we are doing something similar for 2027 with a few small tweaks.

- A winner will be chosen by Creativity for Good Lead Dom Marchant and the charity - and will receive a PM Award during the awards show.
- Commended and Highly Commended mentions.
- Post the event, the artwork will be displayed at key locations (eg hospital or charity HQ) and/or auctioned off to raise further funds.

OUR CHOSEN CHARITY: DEMENTIA CARERS COUNT

A UK charity providing information, advice and support to thousands of dementia carers every year.

No carer should feel overwhelmed or alone. There are more than 1 million dementia carers in the UK, and 4 in 5 are reaching crisis point. With your help, we can reach more of them.

CARERS COUNT**

THE BRIEF

You are invited to create a bespoke digital artwork that will become part of the ***Dementia Carers Count Art Gallery*** – a physical and virtual exhibition showcasing the great work and challenges of those providing care for people living with dementia.

Theme: Half of us will become dementia carers, or need care – we need to showcase the scale of this situation whilst also focusing on the messages of hope and positivity. This charity provides support and care precisely for those whose role has become all about providing support and care for others. Keyword is “community” – fighting not only a condition but loneliness through community.

Art can explore:

- Emotional strength in providing care
- The power of community
- Connections made through asking for help
- Moments of peace, happiness, or connection vs isolation, despair and hopelessness
